

QUALITY POLICY

CB Civil & Drainage is firmly committed to delivering the work we undertake to the highest standard of workmanship and quality .

To achieve this CB Civil and Drainage commits to:

- Ensuring work conforms to contract specifications and national standards
- Establishing and maintaining an effective and properly managed quality system
- Engaging with and understanding our customers' needs
- Planning and executing our quality system processes to achieve the right outcomes
- Providing the information, training and supervision to all personnel and subcontractors to ensure the right quality outcomes are achieved
- Ensuring our subcontractors and suppliers meet our agreed standard
- Take timely action to prevent occurrence or reoccurrence of nonconformity
- Establishing measurable objectives to constantly review and improve our quality and management systems
